CAUSED NO TROUBLE

Devery Leaves the Convention Hall
After His Defeat.

TICKET IS RATIFIED

Only Slight Change Made in the Ticket
as Arranged—The Platform Op-
poses Trusts That Are In-
rious to the Masses.

Saratoga, Oct. 2.—There was no trouble over the unseating of the Devery delegation by the Democratic state convention. Devery and his followers left the hall quietly. Only slight change made in the ticket.

The platform calls for steadfast fidelity to American principles for the lack of which it arraigns the Republican party, demands the return to the principles of Thomas Jefferson to stop demoralization of the country, opposes trusts that injuriously affect consumer and employer and drive out small manufacturers, especially condemns the so-called beef and coal trusts for "unreasonable depriving the people of the necessities of life."

Restriction of the amassing of wealth is advocated and the amendment of the tariff law by placing the necessities of life on the free list is demanded. The Dingley tariff law is condemned as a whole. The president is criticised for dilatory conduct and is accused of not wanting to offend the trusts.

The platform asserts that the proposition to amend the United States constitution to enable the federal government to proceed against the trusts is a mere subterfuge to get delay; condemns the neglect of the national and state administration to enforce the Sherman law and the Donnelly state law; favors trade expansion but objects to this country "aping England in trying to establish a colonial government;" condemns the action of the government in its treatment of the Filipinos; demands justice for Cuba in the matter of trade by reducing the tariff to a strictly revenue basis; demands the public ownership of the anthracite coal mines by the right of eminent domain and the payment of full damages to owners, so as to insure peace in the mining regions and relieve the consumers; arraigns state administration for extravagance in the administration of state affairs; declares in favor of a 1000 barge canal; denounces the present state excise law and demands the return of all moneys received to the county where collected; sympathizes with the Jews in Roumania; favors the election of United States senators by direct vote; condemns the national administration for trading judicial positions for state aid. The ticket is as follows:
Governor—Bird S. Coler.
Lieutenant governor—Chas. N. Bulger.

Secretary of State—Frank Lott.
Treasurer—George D. Finch.
Comptroller—C. M. Preston.
Attorney general—John Cullen.
Engineer—Richard W. Herman.
Judge of the court of appeals—Jno. C. Gray.

Will Work for Coler's Election.

New York, Oct. 2.—When the train bearing William S. Devery and his friends reached the city from Saratoga Wednesday night, Devery was greeted with great enthusiasm. He made a speech in which he said he would do all he could to elect Mr. Coler and the rest of the ticket and called on his supporters to do the same.

Garvin for Governor.

Providence, R. I., Oct. 2.—The Democratic state convention met here Wednesday. Dr. F. L. Garvin of Cumberland was nominated for governor over Mayor John T. Fitzgerald of Pawtucket.

Howell Nominated for Mayor.

Atlanta, Oct. 2.—After one of the most bitterly contested contests in this county's history, Evan P. Howell has received the nominating vote for mayor in the city primary. Mr. Howell is one of the owners of the Atlanta Constitution. His opponents were former Mayor James G. Woodward and Alderman Harvey Johnson.

Dead Man Identified.

Orange, Tex., Oct. 2.—P. B. Curry, worshipful master of the Masonic lodge at this place, wired to the master of the lodge of Stapleton, N. Y., and received a reply saying that Ludwig Braun, who committed suicide here, was a member of that lodge in good standing, and asking that he be buried here with Masonic honors.

Another Combine Planned.

Pawtucket, R. I., Oct. 2.—A proposed combination of forty concerns throughout the country engaged in the manufacture of toys, games and novelties, is to be joined by a large manufacturing company of this city. The combination is understood to involve a capitalization of from \$7,000,000 to \$10,000,000.

Shooting at Bowie.

Bowie, Tex., Oct. 2.—A shooting affray occurred at a local restaurant

here in which Luther Jarret, Sheriff J. W. Raines, and Swell Jarret were the participants. After the smoke had cleared away Jarret was found fatally wounded and Pat Maginess, a bystander, was also fatally shot through the kidneys.

National Bank Circulation.

Washington, Oct. 2.—At the close of business Sept. 30, 1902, the total circulation of national bank notes was \$366,993,598, an increase for the year of \$5,183,050, and an increase for the month of \$5,710, 907.

RECORDS BROKEN.

Customs Receipts at Stranahan Exceeds Any Previous Year.

New York, Oct. 2.—According to figures prepared by the collector of the port of Stranahan, the present fiscal year promises to become a record breaker for customs receipts at this port. Since July 1, the beginning of the government's fiscal year, \$43,191, 662 in custom duties have been collected at this port. Last year during the same time \$40,329,704 was collected, which at that time was considered a phenomenal amount. This year's figures, however, exceed last year's record-breaking total by nearly \$9,000,000. The large increase in custom duties is due to the heavy imports. Jobbers and merchants report that the volume of business in imported goods is unprecedented.

New York Postage Receipts.

New York, Oct. 2.—Receipts at the New York postoffice for the quarter just ended broke all records while those for Tuesday, \$100,295, exceeded any single day in the history of the office. The gross receipts for the quarter were \$2,821,338, against \$2,415,311 for the same quarter last year.

Hartmann Reported Under Arrest.

St. Louis, Oct. 2.—A special to the Post Dispatch from South McAlester, I. T., says that Emile Hartmann, a former member of the house of delegates of St. Louis, was arrested there by a deputy marshal at the residence of his brother-in-law. The dispatch says Hartmann admits his identity. The prisoner is one of the six fugitives who were indicted for bribery on the confession of John K. Murrell, another former councilman under indictment who recently came back from Mexico whither he had fled. A reward of \$300 was offered by the state for the arrest of Hartmann. He is charged with bribery in the suburban bill and the lighting bill affairs and with perjury by reason of his testimony before the grand jury last spring.

Two Killings in Louisiana.

Alexandria, Oct. 2.—Specials to the Daily Record say that George Dorman, Jr., shot and instantly killed Jake Pearl at Richlands, La., near here. Pearl's divorced wife lives on Dorman's farm. Pearl found Dorman at her house and they became involved in a quarrel. Pearl had married another woman and left ten children by the two. Dorman was a married man. At Tioga a lumber town near here Marshal Moore, aged 12 years, was shot and killed by John Stallings, aged 11 years. Stallings was arrested and jailed.

Miles Sails for Philippines.

San Francisco, Oct. 2.—Lieutenant General Nelson A. Miles sailed for the Philippines on the transport Thomas which will call at Honolulu and Guam. With General Miles are Lieutenant Colonel M. P. Mann and Mrs. Mann; A. S. Flint, stenographer, and Julius Barteman, messenger. Other passengers are Chas. S. Hoyt, Frank W. Wilbourg and Henry C. Rouse, president of the Missouri, Kansas and Texas railway, all of General Miles' party.

Charged With Bribery.

St. Louis, Oct. 2.—Robert M. Snyder, the promoter and banker, was placed on trial Wednesday on the charge of bribery, the specific charge being that he bribed former Councilman Fred G. Uthoff for his vote on the Central Traction bill. During the course of the trial Circuit Attorney Folk disclosed that Uthoff will testify that he was proffered \$50,000 for his vote instead of \$50,000, as has been supposed.

Coal Advanced in Tennessee.

Knoxville, Oct. 2.—Coal operators in east Tennessee announce an increase to \$3 per ton at the mines for domestic coal. Steam coal has been advanced 10 to 25 cents on the ton. It is expected that domestic coal will be selling from \$4.25 to \$4.50 per ton in Knoxville in a short time. The price is now \$4 per ton. Extensive preparations are being made for the burning of wood as a fuel during the coming winter.

Moros Offer Slight Resistance.

Manila, Oct. 2.—The Maciu Moros in Mindanao have offered but slight resistance to the column under Captain Pershing of the Fifteenth cavalry. After a series of skirmishes on Monday and Tuesday of this week the Moros retreated into six forts on the shores of the lake. When a courier left Maciu Tuesday for Camp Vicars, Captain Pershing was preparing to assault the last Moro stronghold.

Bids for the Louisiana.

Washington, Oct. 2.—Bids for the construction of the battleship Louisiana were opened at the navy department by Judge Advocate General Lemly in the absence of Secretary Moody.

The New Mineral Water

HEPTOL SPLITS IS "IT."

Thinking people now realize that dosing the system with Calomel, Pills and other strong purgatives is a grave mistake and very injurious. The physical organs occasionally become tired and fail to respond to the duties of nature, thereby clogging the system and then a stimulative laxative is required to remove the accumulated poisons and to again start in motion the vital machinery; for this purpose some mild non-injurious remedy should be used. That is what

Heptol Splits

are for.

DELICIOUSLY PALATABLE,

GENTLE IN ACTION,

GRATIFYING IN RESULTS.

Heptol Splits meets the approval of all. Everyone should take Heptol Splits. Don't you be the last to try it. Sold at drug stores, soda fountains, cafes and bars at 15c a Split. Manufactured by the Morrison Drug Co., Waco, Texas.

THURSDAY, OCT. 2, 1902.

OBITUARIES AND RESOLUTIONS.

Matter of this class which is not strictly news matter in character, whether sent by loggers, associations, or individuals, is charged for at two cents a line. News matter regarding deaths is not charged for and is solicited.

Georgia went the same old way—democratic.

The steel trust magnates are only realizing the insignificant profit of 160 per cent on their investment.

Delhart, Texas, is on the line between Dallam and Hartley counties and wants to have two courthouses.

The railroad commission is a busy institution in Texas about this time, and gets its share of newspaper space.

There are now a million names on the United States pension rolls, and still the monstrosity grows. Where, if ever, will it end?

The report of the secretary of state shows that justice is tempered with mercy in Texas. Two hundred and ninety-nine felons have been pardoned in twenty months.

David B. Hill dominated the New York democratic state convention and Bird S. Coler, about whose integrity a great many complimentary things have been said in the past, has been nominated for governor.

The Big Thing is Coming.

Everybody is going to be there—the Great San Antonio International Fair, Oct. 18-29, 1902. \$50,000 in premiums and purses. Greater, grander than ever before. More and better racing events. The grand cattle roping contest. Pain's magnificent fire works spectacle every night, "the Last Days of Pompeii." A grand conglomeration of the products of Art, Industry and Nature. "The Texas Railroad," the I. & G. N., that favorite thoroughfare for San Antonio visitors, offers many inducements for you to see this mammoth exposition. Extremely low excursion rates and special train arrangements. Our agents will take pleasure in explaining fully.

Each grade the best for the price, whether in Derbys, Panamas, Fedoras or staple shape. Call & see fall styles.

**HUNTER &
...CHATHAM.**

with the demand and the inability of steel corporations to fill orders for quick delivery are driving more structural buyers abroad.

A contracting engineer in Ohio who was unable to get an order for structural steel filled in the time required by his contract went to Germany and placed an order there for \$40,000 to \$50,000 worth of material. Then he came to London and chartered a vessel to take it to America.

Episcopal Edict Against Divorces.

Davenport, Ia., Oct. 2.—Bishop Theodore Morrison in a circular letter issued to the laity of the Iowa Episcopal church announces that hereafter he will not go behind the record of the courts in divorce cases. Divorced persons who have secured decrees upon any other ground than infidelity are prohibited from marrying again. The fidelity at the request of the divorcee failed to plead statutory grounds is abolished.

Professor Declines an Increase.

Lincoln, Oct. 2.—Chancellor E. B. Andrews will remain at the head of the University of Nebraska at his original salary of \$5000 a year. Last summer, when it was reported Wisconsin had proffered the presidency at Madison to Dr. Andrews, the Nebraska regents advanced his salary to \$6000. The chancellor has sent a letter to the regents declining to accept the increase, giving his reason his knowledge that economy is necessary in the management of the university.

Married Despite an Injunction.

New York, Oct. 2.—Miss Helen DeLong of Scranton, Pa., despite a court injunction, has married DeWitt Tewksbury at the home of her aunt in Brooklyn. The bride's father, a wealthy merchant, opposed the match and secured last Friday a temporary injunction against his daughter, who is not yet 21 years old. Accompanied by her mother the bride came to Brooklyn, where she was married despite the Pennsylvania court's order.

President's Sister a Voter.

Farmington, Conn., Oct. 2.—Mrs. Anna Roosevelt Cowles, wife of Commander W. S. Cowles, United States navy, and sister of President Roosevelt, has been admitted as an elector by the board of selectmen of Farmington. Mrs. Cowles can now vote on local matters in Farmington, which she lives, when not in Washington. Local woman suffragists believe the action of the president's sister will greatly aid their cause.

Gold in Brewster County.

Austin, Oct. 2.—Judge W. W. Walling of San Antonio, attorney for the St. Anthony Mining and Prospecting company, has filed in the general land surveys of mining claims in Brewster county, comprising 200 acres of mineral land at the Santiago mountain, one of the highest mountains in Texas. He says the gold in these claims is a free milling low grade gold ore running on an average of \$5.54 per ton.

WAGNER & BRANDON

Take pleasure in announcing their
Fall and Winter

MILLINERY OPENING

MONDAY AND TUESDAY

OCTOBER 6th and 7th.

Everyone invited most cordially to come, look, try on and purchase, if they find something to please. Very respectfully,

WAGNER & BRANDON

DEAD FOR DAYS.

Body of a Young Woman Found in a
Harlem Tenement.

New York, Oct. 2.—The body of Jennie Larsen, 20 years of age, was found in the apartment of Louis Appleord on the third floor of a tenement in Harlem. She had been dead for days, according to a medical expert. The body was mutilated and was much decomposed, and gas filled the room where it was found. Despite the gas and stench which first revealed the tragedy, Appleord, in a dazed mental condition, was in the room when it was entered by the police.

Dr. Donovan, who examined the body, said he believed she had been the victim of a criminal operation. Appleord was arrested. It was learned from his incoherent talk that the young woman was his niece.

Aged Minister Found Dead.

Corsicana, Tex., Oct. 2.—Rev. D. C. Kincaide, an aged retired Cumberland Presbyterian minister, was found dead in bed here at the home of his daughter, Mrs. C. M. Hornbeak. Organic heart trouble is supposed to have been the cause of his death. The deceased was the father of Hon. W. A. Kincaide of Galveston, who is now a justice of the court of first instance in the Philippine islands.

NEWS IN BRIEF.

Naval estimates for 1904 amount to \$82,426,030.55.

Oct. 14 has been fixed as the date for the reopening of the French parliament.

The Rhode Island Democratic state convention nominated Dr. F. L. Garvin for governor.

At Tloga, La., Marshall Moore, aged 12 was shot and killed by John Stallings, aged 11. The latter was jailed.

At Mitchellville, Tenn., John Bynum killed his 20-year-old son who interfered to save his mother from being beaten.

Federick C. Jackson, captain and assistant surgeon of the United States army, is dead of morphine poisoning at Manila.

Coal is selling at over 1c a pound in the tenement districts of New York.

Near Richland, La., George Dorman, Jr., killed Jake Peart. The latter's divorced wife lived on Dorman's farm and jealousy caused the tragedy.

The ship combination, with a capital of \$120,000,000, has been chartered in New Jersey under the name of the International Mercantile Marine company.

The Vermont legislature elected as governor, Gen. John J. McCullough (Rep.). At the polls Gen. McCullough failed to receive the largest number of popular votes cast.

The population of Beaumont, Tex., is placed at 19,280.

Mrs. H. P. Lamb of Sherman, Tex., one of the oldest residents of that place, is dead. She was 74 years old.

The Odd Fellows' hall and the public school building at Small, Tex., was destroyed by fire.

A Death at Millican.

Mrs. Irene Steele, Mrs. Ira Camp and Pauline Steele went to Millican on the noon train to attend the funeral of Steele Meekins.

Deceased was a most promising youth of 11 years, and a sturdy helper of his widowed mother and smaller brother. He died yesterday evening and the body will be interred this afternoon.

His father, Frank Meekins, was accidentally killed about two years ago.—Navasota Examiner.

Rev. J. P. Skinner's Appointment.

The Eagle is requested to announce that Rev. J. P. Skinner has changed his appointment at Wellborn to the second Sunday in each month.

TO END COAL STRIKE

The President Takes Steps to Ad-just the Differences.

CONFERENCE ASKED

Coal Operators and President Mitchell Will Meet the President at Washington on Friday Morning Next at 10 O'clock.

Washington, Oct. 2.—President Roosevelt will make an effort to bring the anthracite coal mine owners and their striking employees together in the interests of public good. This conclusion was reached after a series of conferences with his cabinet advisers. The decision was arrived at when the lawyers of the cabinet informed the president that there was no way under the constitution and the form of government of the United States, for federal intervention to end the strike. Every phase of the situation was canvassed and the determination to have the mine operators and president Mitchell meet the president was reached when it was found that no other method was open.

The president intends to lay before his hearers the situation as it appears to him with all the prospective horrors that will follow a fuel famine and will urge them in the interests of humanity to open the mines and supply the demand for coal. The president has taken this action because he feels it to be his duty to do so, as the executive head of a nation threatened with great peril. The president has in a sense, taken upon himself the burdens of an arbitrator in this great dispute between capital and labor and though the arbitration is not compulsory and is not even known under the name of arbitration in any of the invitations issued Wednesday it is the hope of the president and his advisers that it will be effective. Just how no one can say though there is the suggestion of a temporary arrangement which will tide over the cold weather. It is said by a member of the cabinet that there is no political purpose in this effort but that the president is moved to exert his influence solely in the interest of the people.

President Roosevelt's proposition for a gathering here Friday of representatives of the coal companies and coal operators and the miners met a response from a number of the men to whom invitations were sent. During the day the president received replies to his invitations from President John Mitchell, of the United Mine Workers, President George F. Baer, of the Reading railway system and one or two others. Mr. Baer's prompt reply to the president's suggestion was particularly gratifying to President Roosevelt, as it was believed that in all probability his acceptance would insure favorable replies from other officials who were invited. Mr. Baer has acted as the spokesman for the operators in the various statements that have been put forth from time to time in reply to the miners' representations and it is realized that his influence will be a potent factor in any conferences that may take place. The president is expressing the keenest interest in the coming gathering and expresses the hope that it will result in steps that will bring about the cessation of the strike.

Fuel Situation Alarming.

New York, Sept. 2.—The coal situation in New York is not better and must be described as worse on account of the increasing fear that relief may not come before much suffering has resulted. The supply of hard coal in the tenement districts is now at such a low ebb that dealers are charging the customers a trifle over one cent a pound for this article.

Owners of flats and office buildings are in a state bordering on panic. A number today said that they were unable to get more than a ton of coal at a time, and in one case \$25 was asked.

The gas companies are beginning to refuse more contracts owing to the great demand for gas as a fuel, and it is ascertained that the supply of oil stoves cannot begin to fill the orders received within the last two months.

The scarcity of coal is becoming a serious matter on Staten island. Four yards closed yesterday, having exhausted their supply. Scores of women and children may be seen all day collecting driftwood that floats down the bay.

Warrants for Strikers.

Pottsville, Pa., Oct. 2.—One hundred and twenty-seven warrants have been served for strikers and their sympathizers at Centalla, and the prisoners were taken to Bloomsberg, about 175 miles away, in vehicles for a hearing at that place upon charges of a various nature.

Car of Coal for White House.

Washington, Oct. 2.—The first carload of anthracite coal received in Washington since the beginning of the coal strike arrived Wednesday. It is held for the use of the White House and on its arrival several policemen were detailed to guard it.

Alabama Miners Quit Work.

Birmingham, Ala., Oct. 2.—The refusal of several miners to allow \$1 taken from their wages for the benefit of the striking anthracite coal miners in Pennsylvania and the compliance of the paymaster of the Tennessee Coal, Iron and Railroad company, with his wishes has caused a suspension of work by 1500 miners employed by that company.

SHORTAGE IN IRON.

Despite Coal Strike Supply Not Equal to the Demand.

New York, Oct. 2.—While the anthracite coal miners strike is directly responsible for much of the shortage of pig iron in the east, it is evident, says the Iron Age, that even if there had been no strike the furnaces of this country would have been unable to meet the demand and that foreign sources of supply would have been drawn upon.

Business in pig iron and steel billets for importation continues quite heavy. The demand for pig iron comprises Bessemer as well as all grades of foundry iron. A sale of several thousand tons of the foreign Bessemer is reported to have been made at \$22 at Boston. The importations of foundry pig iron are considerably swelled by commission houses purchasing for importation upon their own account for the purpose of supplying their customers with pig iron needed for quick delivery.

The report is incorrect that large orders for foreign Bessemer have been cancelled because it has been found unsuitable for American use. Trouble arose in one case simply because specifications were loosely drawn. German manufacturers have booked such a large amount of billet business from this side that they are advancing prices.

The Earthquake at Tapachula.

San Francisco, Oct. 2.—The steamer City of Sydney, which has just arrived from Mexican ports, brings further news of the disastrous earthquake at Tapachula near the southern boundary of Mexico. Full particulars of the event, which occurred on Sept. 24 were not available, but it was learned at Mazatlan that the great earthquake had demolished several buildings and inflicted other damage in the community. Tapachula was seriously damaged by the big earthquake of last spring, at the time Quetzaltenango and many other towns of Guatemala were almost ruined.

Catholics Fighting for the Bill.

London, Oct. 2.—Threatened opposition of the Irish Nationalists to the education bill excites the resentment of English Catholics, who, under the leadership of Cardinal Vaughan and the Duke of Norfolk, have made common cause with English churchmen. It is estimated roughly that the voluntary schools now conducted in England by the Catholics will receive \$1,000,000 from local taxation if the education bill be passed without material amendment. The Irish Nationalists are masters of their tactics and are now in an excellent state of discipline.

May Operate in Mississippi.

Jackson, Miss., Oct. 2.—A charter of incorporation of "The Southern Railway of Mississippi" has been approved by Gov. Longino, and this settles the controversy as to the legality of the merger of the Mobile and Ohio and Southern in this state. The charter permits the Southern to acquire title to the Mobile and Ohio, to build branch lines and to operate the Memphis and Charleston.

Interchangeable Mileage Tickets.

New York, Oct. 2.—A meeting of general passenger agents and auditors of trunk line railroads has been held in this city to consider the establishment of an interchangeable mileage bureau, the object being to provide an interchangeable mileage ticket that will be good on roads throughout the trunk line territory. The opinion is the scheme will go through.

Fire Horses Ran Away.

Weatherford, Tex., Oct. 2.—A fire alarm was turned in here and Fire Steward Gus Boswell hitched up the fire team and started. The two large horses ran away, throwing Boswell to the ground and demolishing the fire wagon. Mr. Boswell is not dangerously hurt, but was badly bruised. The fire was extinguished with little damage.

Killed by Boiler Explosion.

Glasgow, Ky., Oct. 2.—Five persons were killed by the explosion of a boiler at Jesse Hinslow's mill at Rocky Hill. The dead are: Jesse Hinslow, William Hinslow, his son, Allen Shackelford, John V. Cump and E. Cump. The accident is supposed to have been caused by low water in the boiler.

Not Sanguine Over Conviction.

New York, Oct. 2.—Assistant District Attorney Osborne is not sanguine of obtaining a conviction of Roland B. Molineux at his second trial on the charge of causing the death of Mrs. Katherine Adams, which is expected to begin on Monday. Several of his important witnesses are missing and some removed out of the state.

Hawaii Sugar Shipments.

San Francisco, Oct. 2.—The collector of customs of Honolulu gives the following statistics of sugar shipments from Hawaii to the United States during the past two fiscal years, the time since annexation: July 1, 1900, to June 30, 1901, 690,877,034 pounds; July 1, 1901, to June 30, 1902, 720,533,337 pounds, valued at \$23,520,113.

The Irrigation Congress.

Denver, Oct. 2.—C. E. Wantland, chairman of the executive committee of the Irrigation congress, which meets at Colorado Springs next week, says that the attendance will be much larger than was anticipated, and that many notable men will be present.

An Inebriate Sentenced.

Webster City, Ia., Oct. 2.—Edward E. McNeel has been sentenced under Iowa's new inebriate law to one year in the inebriate ward of the Mount Pleasant insane asylum. This is the first conviction of the kind in this section of Iowa.

HEPTOL SPLITS IS "IT."

Thinking people now realize that dosing the system with Calomel, Pills and other strong purgatives is a grave mistake and very injurious. The physical organs occasionally become tired and fail to respond to the duties of nature, thereby clogging the system and then a stimulative laxative is required to remove the accumulated poisons and to again start in motion the vital machinery; for this purpose some mild non-injurious remedy should be used. That is what

Heptol Splits

are for,

DELICIOUSLY PALATABLE,

GENTLE IN ACTION,

GRATIFYING IN RESULTS.

Heptol Splits meets the approval of all. Everyone should take Heptol Splits. Don't you be the last to try it. Sold at drug stores, soda fountains, cafes and bars at 15c a Split. Manufactured by the Morrison Drug Co., Waco, Texas.

SAN ANTONIO INTERNATIONAL FAIR

OPENS OCTOBER 18,

Closes October 29, 1902.

CAUSED NO TROUBLE

Devery Leaves the Convention Hall
After His Defeat.

TICKET IS RATIFIED

Only Slight Change Made in the Ticket
as Arranged—The Platform Op-
poses Trusts That Are In-
jurious to the Masses.

Saratoga, Oct. 2.—There was no trou-
ble over the unseating of the Devery
delegation by the Democratic state
convention. Devery and his followers
left the hall quietly. Only slight change
made in the ticket.

The platform calls for steadfast fi-
delity to American principles for the
lack of which it arraigns the Republi-
can party, demands the return to the
principles of Thomas Jefferson to stop
demoralization of the country, opposes
trusts that injuriously affect consumer
and employer and drive out small man-
ufacturers, especially condemns the so-
called beef and coal trusts for "unrea-
sonable depriving the people of the ne-
cessaries of life."

Restriction of the amassing of wealth
is advocated and the amendment of the
tariff law by placing the necessities
of life on the free list is demanded. The
Dingley tariff law is condemned as a
whole. The president is criticised for
dilatatory conduct and is accused of not
wanting to offend the trusts.

The platform asserts that the propo-
sition to amend the United States con-
stitution to enable the federal govern-
ment to proceed against the trusts is a
mere subterfuge to get delay; con-
demns the neglect of the national and
state administration to enforce the
Sherman law and the Donnelly state
law; favors trade expansion but ob-
jects to this country "aping England in
trying to establish a colonial govern-
ment;" condemns the action of the gov-
ernment in its treatment of the Phil-
ippines; demands justice for Cuba in
the matter of trade by reducing the tariff
to a strictly revenue basis; demands
the public ownership of the anthracite
coal mines by the right of eminent
domain and the payment of full
damages to owners, so as to in-
sure peace in the mining regions and
relieve the consumers; arraigns state
administration for extravagance in the
administration of state affairs; de-
clares in favor of a 1000 barge canal;
denounces the present state excise law
and demands the return of all moneys
received to the county where collected;
sympathizes with the Jews in Rou-
mania; favors the election of United
States senators by direct vote; con-
demns the national administration for
trading judicial positions for state aid.
The ticket is as follows:
Governor—Bird S. Coler.
Lieutenant governor—Chas. N. Bui-
ger.
Secretary of State—Frank Hott.
Treasurer—George D. Finch.
Comptroller—C. M. Preston.
Attorney general—John Cunnien.
Engineer—Richard W. Herman.
Judge of the court of appeals—Jno.
C. Gray.

Will Work for Coler's Election.

New York, Oct. 2.—When the train
bearing William S. Devery and his
friends reached the city from Saratoga
Wednesday night, Devery was greeted
with great enthusiasm. He made a
speech in which he said he would do
all he could to elect Mr. Coler and the
rest of the ticket and called on his
supporters to do the same.

Garvin for Governor.

Providence, R. I., Oct. 2.—The
Democratic state convention met here
Wednesday. Dr. F. L. Garvin of
Cumberland was nominated for gov-
ernor over Mayor John T. Fitzgerald
of Pawtucket.

Howell Nominated for Mayor.

Atlanta, Oct. 2.—After one of the
most bitterly contested contests in this
county's history, Evan P. Howell has
received the nominating vote for mayor
in the city primary. Mr. Howell is
one of the owners of the Atlanta Con-
stitution. His opponents were former
Mayor James G. Woodward and Alder-
man Harvey Johnson.

Dead Man Identified.

Orange, Tex., Oct. 2.—P. B. Curry,
worshipful master of the Masonic lodge
at this place, wired to the master of
the lodge of Stapleton, N. Y., and re-
ceived a reply saying that Ludwig
Braun, who committed suicide here,
was a member of that lodge in good
standing, and asking that he be buried
here with Masonic honors.

Another Combine Planned.

Pawtucket, R. I., Oct. 2.—A proposed
combination of forty concerns through-
out the country engaged in the manu-
facture of toys, games and novelties,
is to be joined by a large manufac-
turing company of this city. The com-
bination is understood to involve a
capitalization of from \$7,000,000 to
\$10,000,000.

Shooting at Bowie.

Bowie, Tex., Oct. 2.—A shooting af-
fair occurred at a local restaurant

here in which Luther... Sheriff J. W. Raines, and Swell Jarret
were the participants. After the smoke
had cleared away Jarret was found
fatally wounded and Pat Maginess, a
bystander, was also fatally shot
through the kidneys.

National Banks Circulation.

Washington, Oct. 2.—At the close of
business Sept. 30, 1902, the total cir-
culation of national bank notes was
\$366,993,598, an increase for the year
of \$8,183,050, and an increase for the
month of \$5,710, 907.

RECORDS BROKEN.

Customs Receipts at Stranahan Exceeds
Any Previous Year.

New York, Oct. 2.—According to fig-
ures prepared by the collector of the
port of Stranahan, the present fiscal
year promises to become a record
breaker for customs receipts at this
port. Since July 1, the beginning of
the government's fiscal year, \$43,191,
662 in custom duties have been col-
lected at this port. Last year during
the same time \$40,329,704 was collected,
which at that time was considered a
phenomenal amount. This year's fig-
ures, however, exceed last year's re-
cord-breaking total by nearly \$3,000,000.
The large increase in custom duties
is due to the heavy imports. Jobbers
and merchants report that the volume
of business in imported goods is un-
precedented.

New York Postage Receipts.

New York, Oct. 2.—Receipts at the
New York postoffice for the quarter
just ended broke all records while
those for Tuesday, \$100,295, exceeded
any single day in the history of the of-
fice. The gross receipts for the quar-
ter were \$2,821,338, against \$2,415,311
for the same quarter last year.

Hartmann Reported Under Arrest.

St. Louis, Oct. 2.—A special to the
Post Dispatch from South McAlester,
I. T., says that Emile Hartman, a
former member of the house of delegates
of St. Louis, was arrested there by a
deputy marshal at the residence of
his brother-in-law. The dispatch says
Hartman admits his identity. The
prisoner is one of the six fugitives who
were indicted for bribery on the con-
fession of John K. Murrell, another
former councilman under indictment
who recently came back from Mexico
whither he had fled. A reward of \$300
was offered by the state for the arrest
of Hartman. He is charged with
bribery in the suburban bill and the
lighting bill affairs and with perjury
by reason of his testimony before the
grand jury last spring.

Two Killings in Louisiana.

Alexandria, Oct. 2.—Specials to the
Daily Record say that George Dorman,
Jr., shot and instantly killed Jake
Peart at Richlands, La., near here.
Peart's divorced wife lives on Dor-
man's farm. Peart found Dorman at
her house and they became involved in
a quarrel. Peart had married another
woman and left ten children by the
two. Dorman was a married man.
At Tioga a lumber town near here
Marshal Moore, aged 12 years, was shot
and killed by John Stallings, aged 11
years. Stallings was arrested and
jailed.

Miles Sails for Philippines.

San Francisco, Oct. 2.—Lieutenant
General Nelson A. Miles sailed for the
Philippines on the transport Thomas
which will call at Honolulu and Guam.
With General Miles are Lieutenant
Colonel M. P. Mann and Mrs. Mann; A.
S. Flint, stenographer, and Julius
Barteman, messenger. Other passen-
gers are Chas. S. Hoyt, Frank W. Wi-
bourg and Henry C. Rouse, president
of the Missouri, Kansas and Texas
railway, all of General Miles' party.

Charged With Bribery.

St. Louis, Oct. 2.—Robert M. Snyder,
the promoter and banker, was placed
on trial Wednesday on the charge of
bribery, the specific charge being that
he bribed former Councilman Fred G.
Uthoff for his vote on the Central
Traction bill. During the course of the
trial Circuit Attorney Folk disclosed
that Uthoff will testify that he was
proffered \$100,000 for his vote instead
of \$50,000, as has been supposed.

Coal Advanced in Tennessee.

Knoxville, Oct. 2.—Coal operators in
east Tennessee announce an increase
to \$3 per ton at the mines for domes-
tic coal. Steam coal has been advanced
10 to 25 cents on the ton. It is ex-
pected that domestic coal will be sell-
ing from \$4.25 to \$4.50 per ton in
Knoxville in a short time. The price
is now \$4 per ton. Extensive prepara-
tions are being made for the burning
of wood as a fuel during the coming
winter.

Moros Offer Slight Resistance.

Manila, Oct. 2.—The Maciu Moros in
Mindanao have offered but slight re-
sistance to the column under Captain
Pershing of the Fifteenth cavalry. After
a series of skirmishes on Monday
and Tuesday of this week the Moros
retreated into six forts on the shores
of the lake. When a courier left
Maciu Tuesday for Camp Vicars,
Captain Pershing was preparing to as-
sault the last Moro stronghold.

Bids for the Louisiana.

Washington, Oct. 2.—Bids for the
construction of the battleship Loui-
siana were opened at the navy depart-
ment by Judge Advocate General Lem-
ly in the absence of Secretary Moody.

Grand Opera House

JNO. B. MIKE, M'g'r.

COMING ATTRACTION

RICHARD & PRINZEL'S

COLORED MINSTRELS

Friday 10th October 10th

The lowest bid was that of the Neport
News Ship Building and Dry Dock
company of Newport News, Va., which
was \$3,900,000.

Corsicana Banker Dead.

Corsicana, Tex., Oct. 2.—Vice Presi-
dent J. Wesley Edens of the Corsica-
na National bank died at his home
here after an illness of several
months. He was a prominent man in
this county. He was interred with
Masonic honors.

Committed Suicide.

Manila, Oct. 2.—Frederick C. Jack-
son, captain and assistant surgeon
United States army, is dead of mor-
phine poisoning. The circumstances
surrounding his death are not known.
Capt. Jackson's home was in Colum-
bus, O.

Killing at Brady.

Brownwood, Tex., Oct. 2.—News has
reached here of a killing at Brady. R.
G. Gardner of Brady was shot and
killed by W. J. Rice, also of Brady.
Rice fired five shots with a pistol, three
of which took effect. Gardner died
thirty minutes after the shooting.

WAGNER & BRANDON

Take pleasure in announcing their
Fall and Winter

MILLINERY OPENING

MONDAY AND TUESDAY

OCTOBER 6th and 7th.

The display will show all the newest styles in Ready-to-Wear hats. Many beautiful conceptions of French Modistes, as well as an unusually large number just from the hands of our own trimmer, Miss Anderson. Everyone invited most cordially to come, look, try on and purchase, if they find something to please. Very respectfully,

WAGNER & BRANDON

THE DAILY EAGLE.

Entered at the postoffice as second
Class mail matter.

BY CONNELLY & CARNES.

Per Week, 15c. - - Per Month, 40c.

THURSDAY, OCT. 2, 1902.

OBITUARIES AND RESOLUTIONS.

Matter of this class which is not strictly news matter in character, whether sent by loggers, associations, or individuals, is charged for at two cents a line. News matter regarding deaths is not charged for and is allotted.

Georgia went the same old way—democratic.

The steel trust magnates are only realizing the insignificant profit of 160 per cent on their investment.

Delhart, Texas, is on the line between Dallam and Hartley counties and wants to have two courthouses.

The railroad commission is a busy institution in Texas about this time, and gets its share of newspaper space.

There are now a million names on the United States pension rolls, and still the monstrosity grows. Where, if ever, will it end?

The report of the secretary of state shows that justice is tempered with mercy in Texas. Two hundred and ninety-nine felons have been pardoned in twenty months.

David B. Hill dominated the New York democratic state convention and Bird S. Coler, about whose integrity a great many complimentary things have been said in the past, has been nominated for governor.

The Big Thing is Coming.

Everybody is going to be there—the Great San Antonio International Fair, Oct. 18-29, 1902. \$50,000 in premiums and purses. Greater, grander than ever before. More and better racing events. The grand cattle roping contest. Pain's magnificent fire works spectacle every night, "the Last Days of Pompeii." A grand conglomeration of the products of Art, Industry and Nature. "The Texas Railroad," the I. & G. N., that favorite thoroughfare for San Antonio visitors, offers many inducements for you to see this mammoth exposition. Extremely low excursion rates and special train arrangements. Our agents will take pleasure in explaining fully.

D. J. PRICE,
G. P. & T. A., I. & G. N. R.R.

TITLE TO THE CANAL

All Records of Panama Canal Company Delivered to Knox.

SAID TO BE PERFECT

General Counsel for the Company Says the United States Will Get the Canal Free from Any Complications Whatever.

New York, Oct. 2.—William Nelson Cromwell, general counsel for the new Panama Canal company, who has returned from Paris, says he delivered to Attorney General Knox, in Paris, every conveyance, decree, concession, or other document relating to the properties of the new Panama Canal company from its inception in 1878, showing a complete and perfect chain of title in the new Panama Canal company, and its unquestionable power to convey the canal, the plant, concessions and other property to the United States, free and clear of all liens or claims of any kind.

"To Monsieur Waldeck-Rousseau, who has just resigned the premiership of France to resume the practice of his profession, I submitted," he said, "all the developments and questions and have received his elaborate opinions, giving his conclusions that the title to the property is perfect and that the United States will acquire a complete and valid title thereto free from any possible complications from creditors or stockholders of the old company.

"The conveyance of the new Panama Canal company will be supplemented by the official concurrence of the liquidator of the old company and by the representative of the bondholders of the old company who have been fully authorized by decree of the court to grant such concurrence. Thus there is left no one to question the conveyance.

"In my opinion, it only remains to conclude a treaty with Colombia to fully satisfy the provisions of the Spooner law. That treaty has been nearly agreed upon, only three or four points being still under discussion."

Dispute Over Salaries.

Buenos Ayres, Oct. 2.—Difficulty has arisen between the commander of the United States battleship Iowa, Captain Thos. Perry and Commodore Barilari, commander of the Argentine squadron stationed at Puerto Belgrano. The Iowa has saluted the Argentine flag, but not the commodore's flag, Captain Perry declaring that as he is of a higher rank than the Argentine commander, the latter should salute him first. The matter has not yet been settled.

The United States cruiser Atlanta has gone into dry dock at Buenos Ayres. This caused some surprise, as the Atlanta was docked about four months ago.

Buying Steel Abroad.

London, Oct. 2.—Scarcity of steel in the United States in comparison

with the demand and the inability of steel corporations to fill orders for quick delivery are driving more structural buyers abroad.

A contracting engineer in Ohio who was unable to get an order for structural steel filled in the time required by his contract went to Germany and placed an order there for \$40,000 to \$50,000 worth of material. Then he came to London and chartered a vessel to take it to America.

Episcopal Edict Against Divorces.

Davenport, Ia., Oct. 2.—Bishop Theodore Morrison in a circular letter issued to the laity of the Iowa Episcopal church announces that hereafter he will not go behind the record of the courts in divorce cases. Divorced persons who have secured decrees upon any other ground than infidelity are prohibited from marrying again. The fidelity at the request of the divorcee to take to plead statutory grounds is abolished.

Professor Declines an Increase.

Lincoln, Oct. 2.—Chancellor E. B. Andrews will remain at the head of the University of Nebraska at his original salary of \$5000 a year. Last summer, when it was reported Wisconsin had proffered the presidency at Madison to Dr. Andrews, the Nebraska regents advanced his salary to \$6000. The chancellor has sent a letter to the regents declining to accept the increase, giving his reason his knowledge that economy is necessary in the management of the university.

Married Despite an Injunction.

New York, Oct. 2.—Miss Helen DeLong of Scranton, Pa., despite a court injunction, has married DeWitt Tewksbury at the home of her aunt in Brooklyn. The bride's father, a wealthy merchant, opposed the match and secured last Friday a temporary injunction against his daughter, who is not yet 21 years old. Accompanied by her mother the bride came to Brooklyn, where she was married despite the Pennsylvania court's order.

President's Sister a Voter.

Farmington, Conn., Oct. 2.—Mrs. Anna Roosevelt Cowles, wife of Commander W. S. Cowles, United States navy, and sister of President Roosevelt, has been admitted as an elector by the board of selectmen of Farmington. Mrs. Cowles can now vote on school matters in Farmington, which she lives, when not in Washington. Local woman suffragists believe the action of the president's sister will greatly aid their cause.

Gold in Brewster County.

Austin, Oct. 2.—Judge W. W. Walling of San Antonio, attorney for the St. Anthony Mining and Prospecting company, has filed in the general land surveys of mining claims in Brewster county, comprising 200 acres of mineral land at the Santiago mountain, one of the highest mountains in Texas. He says the gold in these claims is a free milling low grade gold ore running on an average of \$5.84 per ton.

DEAD FOR DAYS.

Body of a Young Woman Found in a Harlem Tenement.

New York, Oct. 2.—The body of Jennie Larsen, 20 years of age, was found in the apartment of Louis Appleord on the third floor of a tenement in Harlem. She had been dead for days, according to a medical expert. The body was mutilated and was much decomposed, and gas filled the room where it was found. Despite the gas and stench which first revealed the tragedy, Appleord, in a dazed mental condition, was in the room when it was entered by the police.

Dr. Donovan, who examined the body, said he believed she had been the victim of a criminal operation. Appleord was arrested. It was learned from his incoherent talk that the young woman was his niece.

Aged Minister Found Dead.

Corsicana, Tex., Oct. 2.—Rev. D. C. Kincaide, an aged retired Cumberland Presbyterian minister, was found dead in bed here at the home of his daughter, Mrs. C. M. Hornbeak. Organic heart trouble is supposed to have been the cause of his death. The deceased was the father of Hon. W. A. Kincaide of Galveston, who is now a justice of the court of first instance in the Philippine islands.

NEWS IN BRIEF.

Naval estimates for 1904 amount to \$82,426,030.58.

Oct. 14 has been fixed as the date for the reopening of the French parliament.

The Rhode Island Democratic state convention nominated Dr. F. L. Garvin for governor.

At Tioza, La., Marshall Moore, aged 12 was shot and killed by John Stallings, aged 11. The latter was jailed.

At Mitchellville, Tenn., John Bynum killed his 20-year-old son who interfered to save his mother from being beaten.

Federick C. Jackson, captain and assistant surgeon of the United States army, is dead of morphine poisoning at Manila.

Coal is selling at over 1c a pound in the tenement districts of New York.

Near Richland, La., George Dorman, Jr., killed Jake Peart. The latter's divorced wife lived on Dorman's farm and jealousy caused the tragedy.

The ship combination, with a capital of \$120,000,000, has been chartered in New Jersey under the name of the International Mercantile Marine company.

The Vermont legislature elected as governor, Gen. John J. McCullough (Rep.). At the polls Gen. McCullough failed to receive the largest number of popular votes cast.

The population of Beaumont, Tex., is placed at 19,280.

Mrs. H. P. Lamb of Sherman, Tex., one of the oldest residents of that place, is dead. She was 74 years old.

The Odd Fellows' hall and the public school building at Small, Tex., was destroyed by fire.

TO END COAL STRIKE

The President Takes Steps to Ad-
just the Differences.

CONFERENCE ASKED

Coal Operators and President Mitchell
Will Meet the President at Wash-
ington on Friday Morning
Next at 10 O'clock.

Washington, Oct. 2.—President
Roosevelt will make an effort to bring
the anthracite coal mine owners and
their striking employees together in
the interests of public good. This con-
clusion was reached after a series of
conferences with his cabinet advisers.
The decision was arrived at when
the lawyers of the cabinet informed
the president that there was no way
under the constitution and the form
of government of the United States,
for federal intervention to end the
strike. Every phase of the situation
was canvassed and the determination
to have the mine operators and presi-
dent Mitchell meet the president was
reached when it was found that no
other method was open.

The president intends to lay before
his hearers the situation as it ap-
pears to him with all the prospective
horrors that will follow a fuel famine
and will urge them in the interests of
humanity to open the mines and sup-
ply the demand for coal. The presi-
dent has taken this action because he
feels it to be his duty to do so, as the
executive head of a nation threatened
with great peril. The president has
in a sense, taken upon himself the
burdens of an arbitrator in this great
dispute between capital and labor and
though the arbitration is not compul-
sory and is not even known under the
name of arbitration in any of the in-
vitations issued Wednesday it is the
hope of the president and his advisers
that it will be effective. Just how no
one can say though there is the sug-
gestion of a temporary arrangement
which will tide over the cold weather.
It is said by a member of the cabinet
that there is no political purpose in
this effort but that the president is
moved to exert his influence solely in
the interest of the people.

President Roosevelt's proposition
for a gathering here Friday of repre-
sentatives of the coal companies and
coal operators and the miners met a
response from a number of the men
to whom invitations were sent. Dur-
ing the day the president received re-
plies to his invitations from President
John Mitchell, of the United Mine
Workers, President George F. Baer, of
the Reading railway system and one
or two others. Mr. Baer's prompt re-
ply to the president's suggestion was
particularly gratifying to President
Roosevelt, as it was believed that in
all probability his acceptance would
insure favorable replies from other of-
ficials who were invited. Mr. Baer
has acted as the spokesman for the
operators in the various statements
that have been put forth from time
to time in reply to the miners rep-
resentations and it is realized that his
influence will be a potent factor in
any conferences that may take place.
The president is expressing the keen-
est interest in the coming gathering
and expresses the hope that it will re-
sult in steps that will bring about the
cessation of the strike.

Fuel Situation Alarming.

New York, Sept. 2.—The coal situa-
tion in New York is not better and
must be described as worse on ac-
count of the increasing fear that re-
lief may not come before much suf-
fering has resulted. The supply of
hard coal in the tenement districts is
now at such a low ebb that dealers
are charging the customers a trifle
over one cent a pound for this article.
Owners of flats and office buildings
are in a state bordering on panic. A
number today said that they were
unable to get more than a ton of coal
at a time, and in one case \$25 was
asked.

The gas companies are beginning to
refuse more contracts owing to the
great demand for gas as a fuel, and it
is ascertained that the supply of oil
stoves cannot begin to fill the orders
received within the last two months.
The scarcity of coal is becoming a
serious matter on Staten Island. Four
yards closed yesterday, having ex-
hausted their supply. Scores of wom-
en and children may be seen all day
collecting driftwood that floats down
the bay.

Warrants for Strikers.

Pottsville, Pa., Oct. 2.—One hun-
dred and twenty-seven warrants have
been served for strikers and their
sympathizers at Centalla, and the
prisoners were taken to Bloomsburg,
about 175 miles away, in vehicles for
a hearing at that place upon charges
of a various nature.

Car of Coal for White House.

Washington, Oct. 2.—The first car-
load of anthracite coal received in
Washington since the beginning of the
coal strike arrived Wednesday. It is
held for the use of the White House
and on its arrival several policemen
were detailed to guard it.

Alabama Miners Quit Work.

Birmingham, Ala., Oct. 2.—The re-
fusal of several miners to allow \$1
taken from their wages for the benefit
of the striking anthracite coal miners
in Pennsylvania and the compliance of
the paymaster of the Tennessee Coal,
Iron and Railroad company, with his
wishes has caused a suspension of work
by 1500 miners employed by that com-
pany.

SHORTAGE IN IRON.

Despite Coal Strike Supply Not Equal to
the Demand.

New York, Oct. 2.—While the an-
thracite coal miners strike is directly
responsible for much of the shortage
of pig iron in the east, it is evident,
says the Iron Age, that even if there
had been no strike the furnaces of
this country would have been unable
to meet the demand and that foreign
sources of supply would have been
drawn upon.

Business in pig iron and steel bil-
lets for importation continues quite
heavy. The demand for pig iron com-
prises Bessemer as well as all grades
of foundry iron. A sale of several
thousand tons of the foreign Besse-
mer is reported to have been made at
\$22 at Boston. The importations of
foundry pig iron are considerably
swelled by commission houses pur-
chasing for importation upon their
own account for the purpose of sup-
plying their customers with pig iron
needed for quick delivery.

The report is incorrect that large
orders for foreign Bessemer have been
cancelled because it has been found
unsuitable for American use. Trou-
ble arose in one case simply because
specifications were loosely drawn.
German manufacturers have booked
such a large amount of billet business
from this side that they are advanc-
ing prices.

The Earthquake at Tapachula.

San Francisco, Oct. 2.—The steamer
City of Sydney, which has just arrived
from Mexican ports, brings further
news of the disastrous earthquake at
Tapachula near the southern bound-
ary of Mexico. Full particulars of the
event, which occurred on Sept. 24
were not available, but it was learned
at Mazatlan that the great earthquake
had demolished several buildings and
inflicted other damage in the commu-
nity. Tapachula was seriously damaged
by the big earthquake of last spring
at the time Quetzaltenango and many
other towns of Guatemala were almost
ruined.

Catholics Fighting for the Bill.

London, Oct. 2.—Threatened op-
position of the Irish Nationalists to the
education bill excites the resentment
of English Catholics, who, under the
leadership of Cardinal Vaughan and the
Duke of Norfolk, have made common
cause with English churchmen. It is
estimated roughly that the voluntary
schools now conducted in England by
the Catholics will receive \$1,000,000
from local taxation if the education
bill be passed without material amend-
ment. The Irish Nationalists are mas-
ters of their tactics and are now in
an excellent state of discipline.

May Operate in Mississippi.

Jackson, Miss., Oct. 2.—A charter
of incorporation of "The Southern Rail-
way of Mississippi" has been approved
by Gov. Longino, and this settles the
controversy as to the legality of the
merger of the Mobile and Ohio and
Southern in this state. The charter
permits the Southern to acquire title
to the Mobile and Ohio, to build branch
lines and to operate the Memphis and
Charleston.

Interchangeable Mileage Tickets.

New York, Oct. 2.—A meeting of
general passenger agents and auditors
of trunk line railroads has been held
in this city to consider the establish-
ment of an interchangeable mileage
bureau, the object being to provide an
interchangeable mileage ticket that
will be good on roads throughout the
trunk line territory. The opinion is
the scheme will go through.

Fire Horses Ran Away.

Weatherford, Tex., Oct. 2.—A fire
alarm was turned in here and Fire
Steward Gus Boswell hitched up the
fire team and started. The two large
horses ran away, throwing Boswell to
the ground and demolishing the fire
wagon. Mr. Boswell is not danger-
ously hurt, but was badly bruised. The
fire was extinguished with little dam-
age.

Killed by Boiler Explosion.

Glasgow, Ky., Oct. 2.—Five persons
were killed by the explosion of a boiler
at Jesse Hinslow's mill at Rocky Hill.
The dead are: Jesse Hinslow, William
Hinslow, his son, Allen Shackelford,
John V. Cump and E. Cump.
The accident is supposed to have
been caused by low water in the boiler.

Not Sanguine Over Conviction.

New York, Oct. 2.—Assistant District
Attorney Osborne is not sanguine of
obtaining a conviction of Roland B.
Mollineux at his second trial on the
charge of causing the death of Mrs.
Katherine Adams, which is expected to
begin on Monday. Several of his im-
portant witnesses are missing and
some removed out of the state.

Hawaii Sugar Shipments.

San Francisco, Oct. 2.—The collec-
tor of customs of Honolulu gives the
following statistics of sugar shipments
from Hawaii to the United States dur-
ing the past two fiscal years, the time
since annexation: July 1, 1900, to June
30, 1901, 690,877,034 pounds; July 1,
1901, to June 30, 1902, 720,533,337
pounds, valued at \$23,520,113.

The Irrigation Congress.

Denver, Oct. 2.—C. E. Wantland,
chairman of the executive committee
of the Irrigation congress, which
meets at Colorado Springs next week,
says that the attendance will be much
larger than was anticipated, and that
many notable men will be present.

An Inebriate Sentenced.

Webster City, Ia., Oct. 2.—Edward E.
McNeel has been sentenced under
Iowa's new inebriate law to one year
in the inebriate ward of the Mount
Pleasant insane asylum. This is the
first conviction of the kind in this sec-
tion of Iowa.
